16. Facebook Doc: In this document we will be making a series of lists. Each list will have 5 items. After the 5th item has been added, the next person to post gets to choose the topic of the next list (so every 6th person gets to pick a new topic). I'll get us started. The first topic is: IUP populations RHA should interact more with (excluding resident students)
 1. (Other topics I can start in this document or another one later are: Fundraising ideas, ways RHA can reach out to non-resident population at IUP, Philanthropy projects RHA can start/get involved with)
17. Facebook Doc: We're going to write an RHA story! Here's the catch: Everybody can only write 2 words at a time. I'll start: IUP RHA ...
18. In many ways, RHA has a lot in common with politics. Given the impending start of the 2012 election campaign, if you were running to be our next President, what would your campaign be based on? What images/symbols would you use to spread your ideals? Post anything that would support your campaign or help visualize your campaign.
19. Ethical Dilemma: You are out for a walk one night and you see a man running towards you. He looks terrified, stressed and panicked. He comes up to you with tears in his eyes and says, "I am going to hide right here. I can't run anymore. I didn't do anything wrong. Please, promise me you won't tell them where I am!" So you promise the man, he hides behind a bush and you keep walking.
Ten seconds later four men turn the corner where the panicked man had come from and head towards you. As they get closer you see that they are, indeed, police officers. They walk up to you and ask if you have seen the man they were chasing. What do you do? Do you lie? Why?
 1. (I will play a more active role in moderating this discussion, to keep everybody on track or interrupt any negative/offensive posts - but not by deleting the post.)
20. Post one unique way RHA can use social media in the Fall. But, you can't post duplicate ideas, so make sure somebody didn't already steal yours!
21. One of the most recurring problems in higher education is alcohol abuse (everything from underage drinking to binge drinking). Given that we are a dry campus, and most residents are first-year students, what is one way you could use your role in RHA to prevent alcohol abuse at IUP?
22. Student involvement is crucial for a positive and successful college experience (Astin, 1984). If RHA were to create a curriculum for IUP student involvement (think: class syllabus), what are some things that you think should be included? (Comment here)

"Members of [the Millennial generation] 'grow up as increasingly protected youth [who] will come of age during a secular crisis [for example, the War on Terror], will unite into a heroic and achieving cadre of rising adults, will build institutions as powerful midlifers and emerge as busy elders attacked by the next spiritual awakening.' (Strauss and How, 1991, p. 74)." What do you

think about this claim that you are part of a Great Generation that will save our country? Do you agree?

What does community mean to you?

Write out your own definition of RHA's culture. Describe the most important elements of the culture. For example, what are the core values/ Who are the heroic figures? What are some highly visible artifacts? (Reference IUP website, YouTube, members' facebook profiles, etc.) (Kuh, 1993, p. 16)

Consider how RHA's culture, as you have described it, is inclusive or exclusive of students, faculty and administrators from historically underrepresented groups. Does RHA's culture embrace multiculturalism as an important institutional aspiration? What aspects of RHA's culture need attention in order for your college to become more welcoming and affirming of members from historically underrepresented groups? (Kuh, 1993, p. 16)

Inventory the most powerful cultural activities in RHA with an eye toward who participates in various events. Who is missing? What are the values being communicated that might explain the absence of members from certain groups? (Kuh, 1993, p. 33).
